

smartserveTM1000-M

Modern, simple and easy-to-use

Sleek and minimal design

This kiosk promotes quick and easy self-service transactions. With a modern design that keeps things simple and minimal, users can borrow and return with ease.

A simple change makes a huge difference

We've flipped and enlarged the touchscreen. This 22" monitor allows over 20 items to be visible in a list view without the need for scrolling.

Large surface area

With your library patrons in mind, this kiosk offers ample shelf space for users to set down items as well as bags they may be carrying.

22" portrait orientation displays over 20 items on screen

dedicated RFID zone reads up to 15 items at a time

additional surface area holds bags and extra books

health status light indicators alert library staff from afar

built-in receipt printer provides a complete account statement

over 200 custom colours to match any library decor
