- Customization possibilities to add probability calculated exiting
- Optional RFID card reader integration for alternative passing

# What happens if I forget my number plate?

- Detected result displaying at entry
- Probability calculated search at the payment station
- Remote assistance possibilities via the Backoffice

The background of the entire image is a photograph of a woman with long, dark, wavy hair. She is wearing gold-rimmed aviator sunglasses and a light grey t-shirt. She is smiling broadly, showing her teeth. The sunglasses reflect a scene of a road with trees, suggesting a park or a scenic drive. The background is out of focus, showing a bright, sunny outdoor setting with trees and what appears to be a parking lot with cars in the distance. The overall mood is happy and carefree.

**Move free,**  
**park happy**
